LXR - Web Based Testing Instructions

Designed for Practice/Performance Testing

(27th and 28th of June 2006)

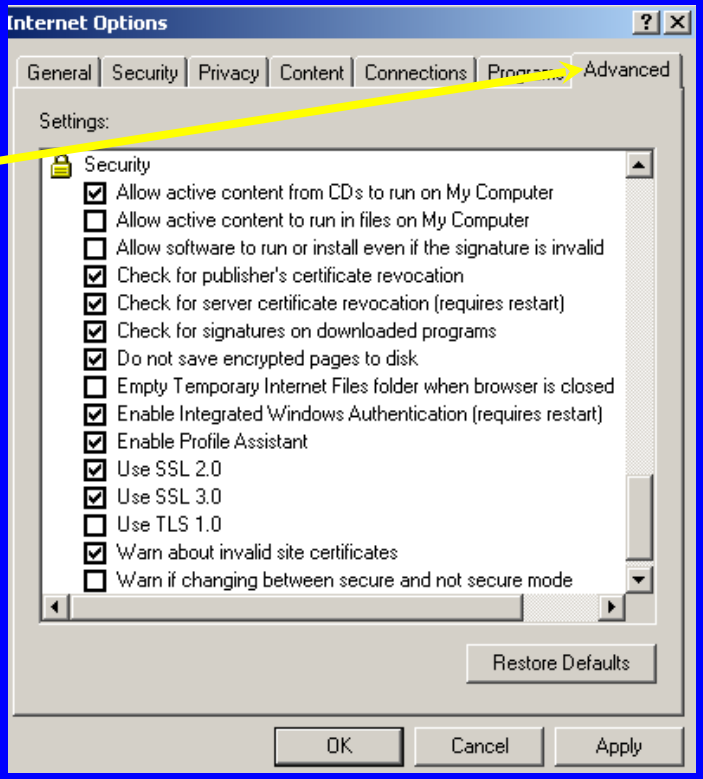
LXR Web Based Testing

- Topics Covered
  - How to set up your PC's security settings
  - How to compile survey information
    - Done prior to taking the test
  - How to access/begin the test
  - How to navigate test

How to set up your Internet security settings

1. Click on “Tools” and select “Internet Options…”

2. Click on the “Advanced” tab then scroll down to the security area and make sure you have the same options selected as the example shown, then click on the “OK” button



Internet Options
General
Security
Privacy
Content
Connections
Advanced
Settings:
Security
Allow active content from CDs to run on My Computer
Allow active content to run in files on My Computer
Allow software to run or install even if the signature is invalid
Check for publisher's certificate revocation
Check for server certificate revocation (requires restart)
Check for signatures on downloaded programs

Cancel
Apply

- This will not compromise the safety features of your PC
- These steps are necessary to optimize communication between the test server and your PC

Compiling Survey Information

- What we will need...
  - Name
  - Rank
  - Email Address
  - Installation (Phase 2 site)
  - IP address
  - PC's operating system
  - PC's processor speed and memory (RAM) size
  - Time you accessed the exam
    - Please have this information prior to beginning the test!

You will need to collect this information prior to starting the exam -- there are instructions on the following slides that will assist you with collecting this data

How to obtain your PC's IP Address

1. Click on **START**
2. Click on **RUN**
3. Type **cmd** on the box and click on **OK**
4. Type **ipconfig** and hit **ENTER**
5. You should see the window below.

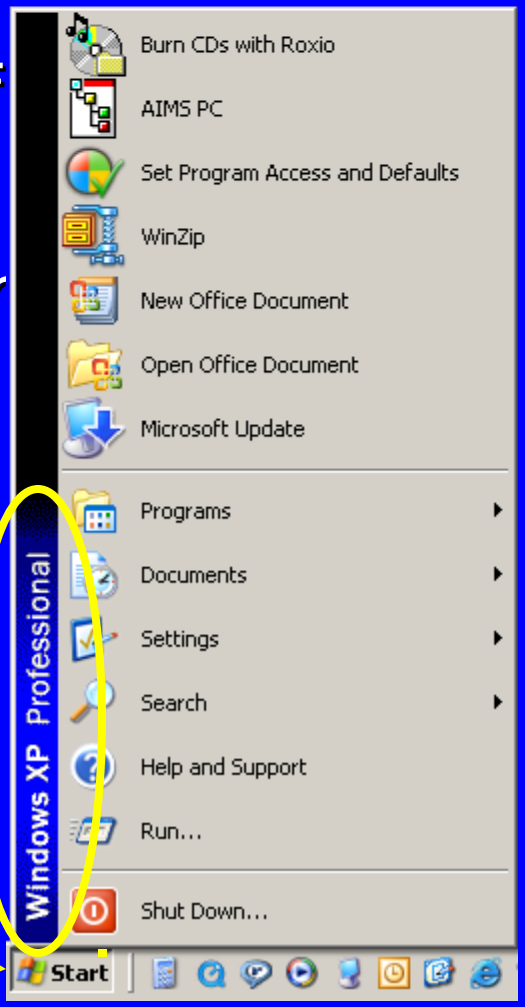
C:\WINDOWS\system32\cmd.exe
Microsoft Windows XP [Version 5.1.2600]
(C) Copyright 1985-2001 Microsoft Corp.
I:\>ipconfig
Windows IP Configuration
Ethernet adapter Local Area Connection:
Connection-specific DNS Suffix . : amed.ds.army.mil
IP Address. . . . . : 139.232.85.46
Subnet Mask . . . . . : 255.255.255.0
Default Gateway . . . . . : 139.232.85.1
I:\>

6. The IP address is displayed below the domain name. Example above:

   139.232.85.46

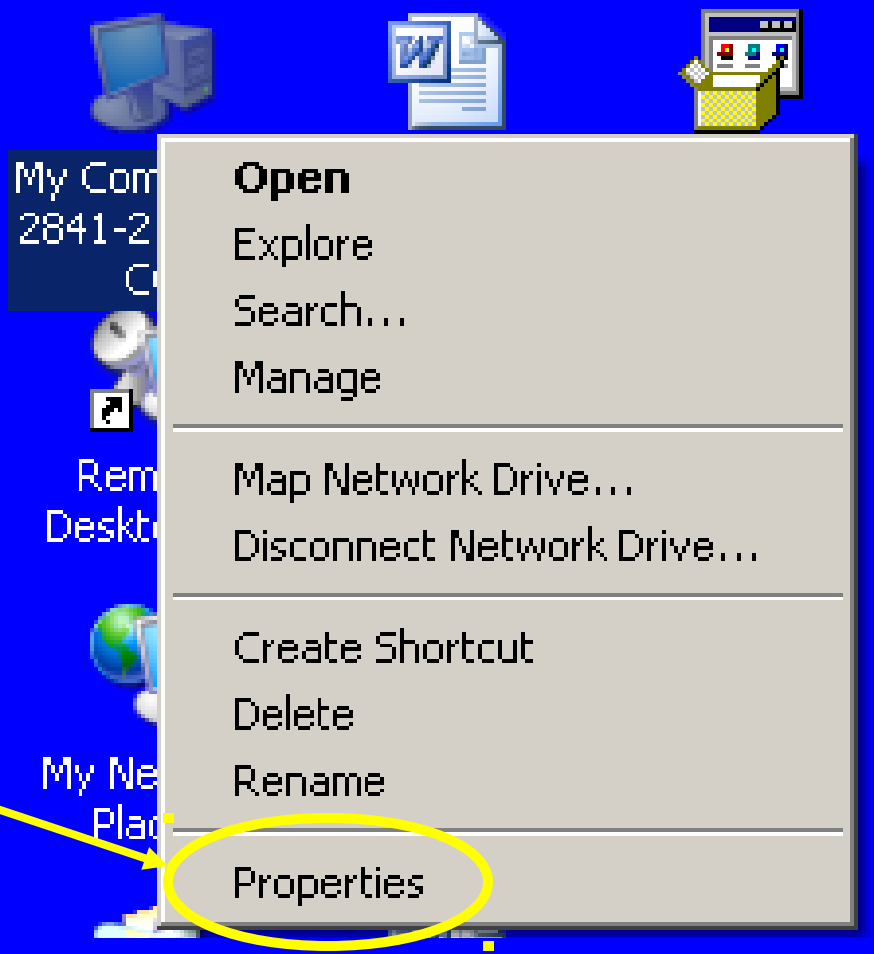
How to obtain your PC's operating system

- Click on the start button in the lower left corner of your desktop
- The PC's operating syster is listed along the start menu sidebar



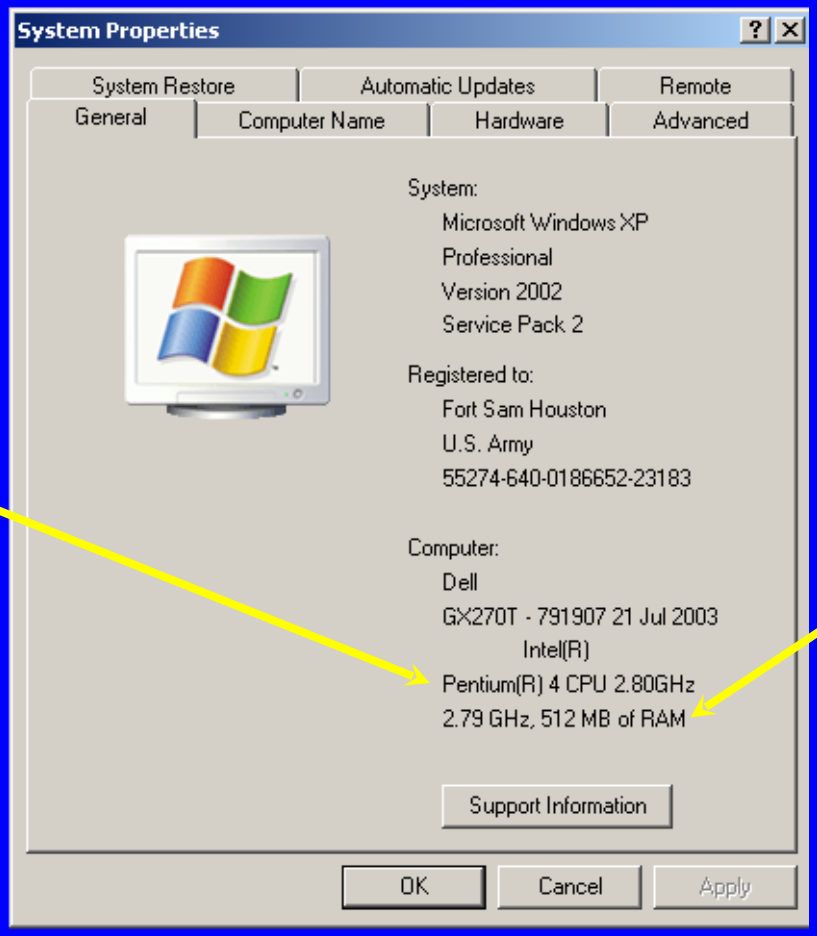
How to obtain your PC's processor speed and memory (RAM) size -- Step One

Right click on "My Computer" and select "Properties



How to obtain your PC's processor speed and memory (RAM) size -- Step Two

This is your processor speed



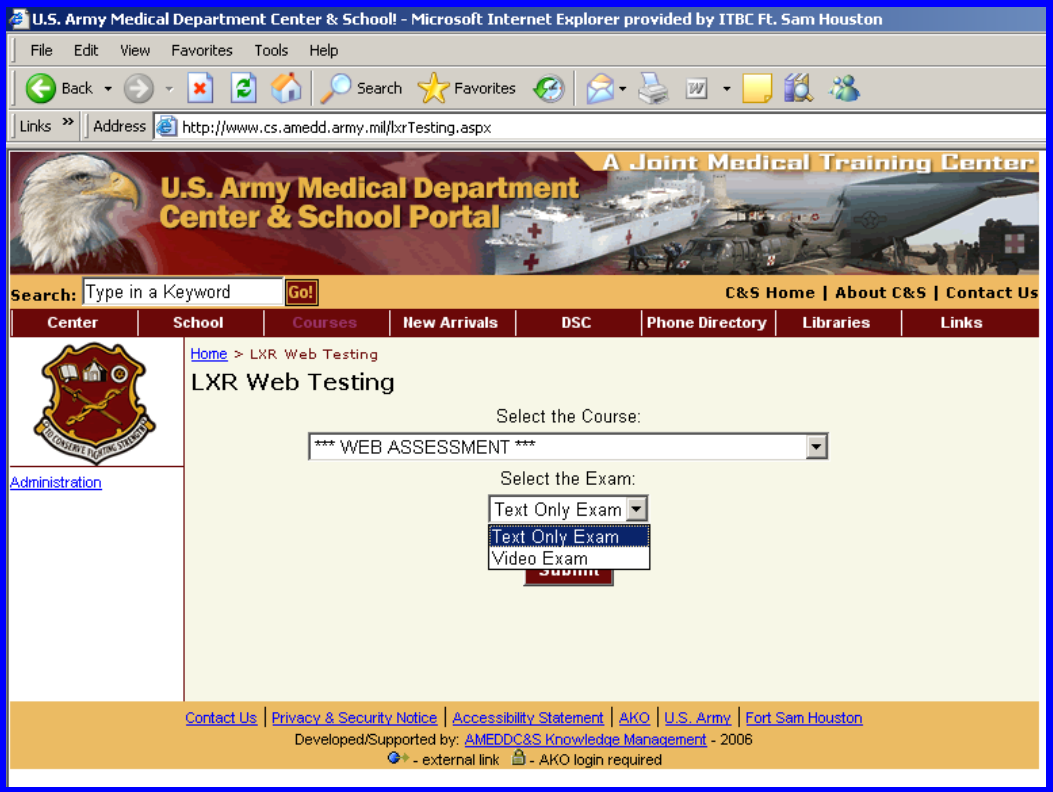
This is your memory (RAM) size

How to access the exam

Click or paste the following link:

http://www.cs.amedd.army.mil/lxrTesting.aspx

It will take you to this page:



U.S. Army Medical Department Center & School! - Microsoft Internet Explorer provided by ITBC Ft. Sam Houston

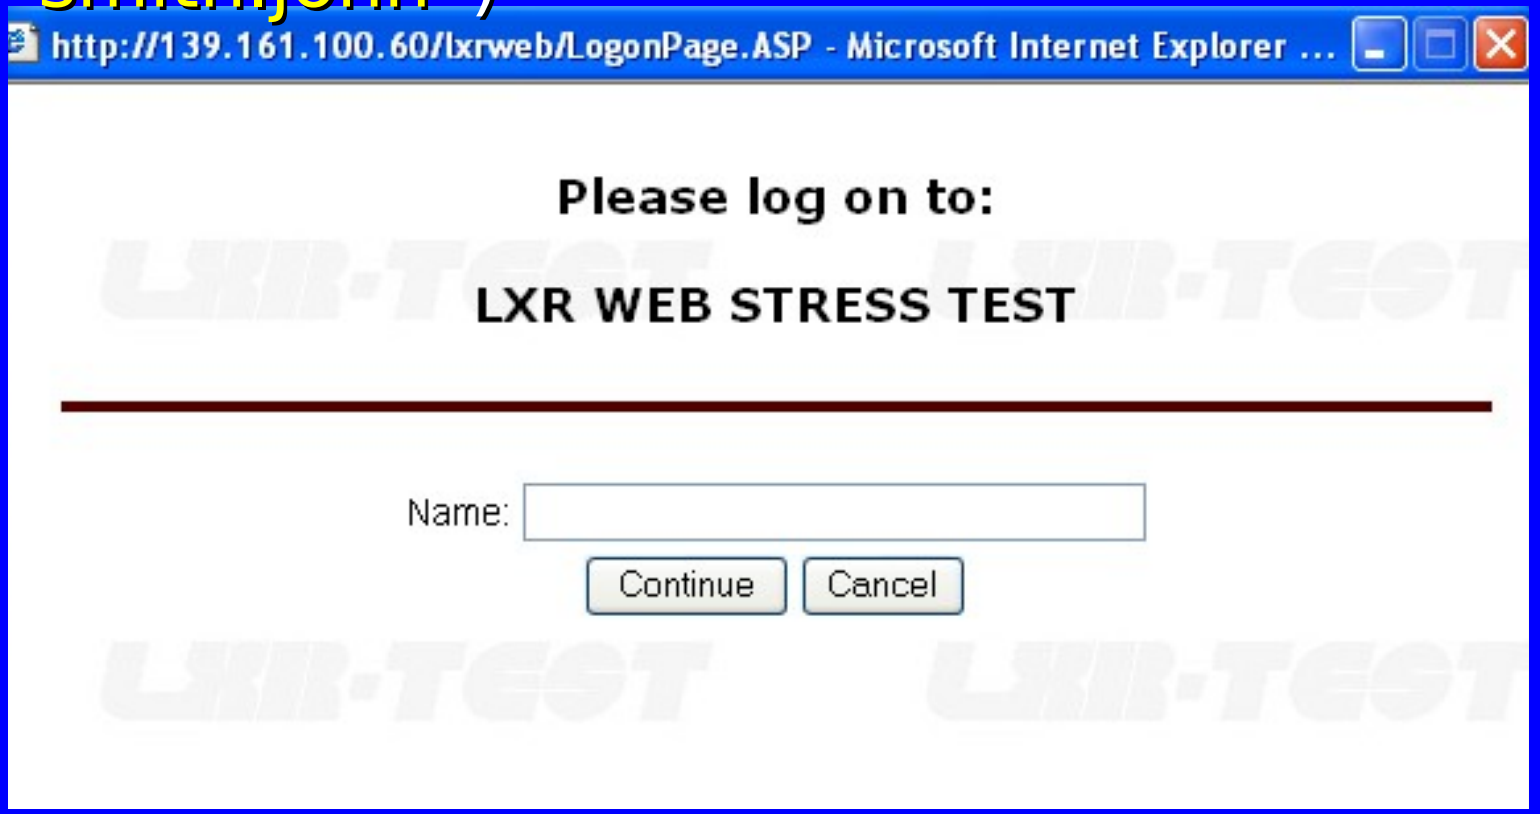
- external link - AKO login required

How to access the exam

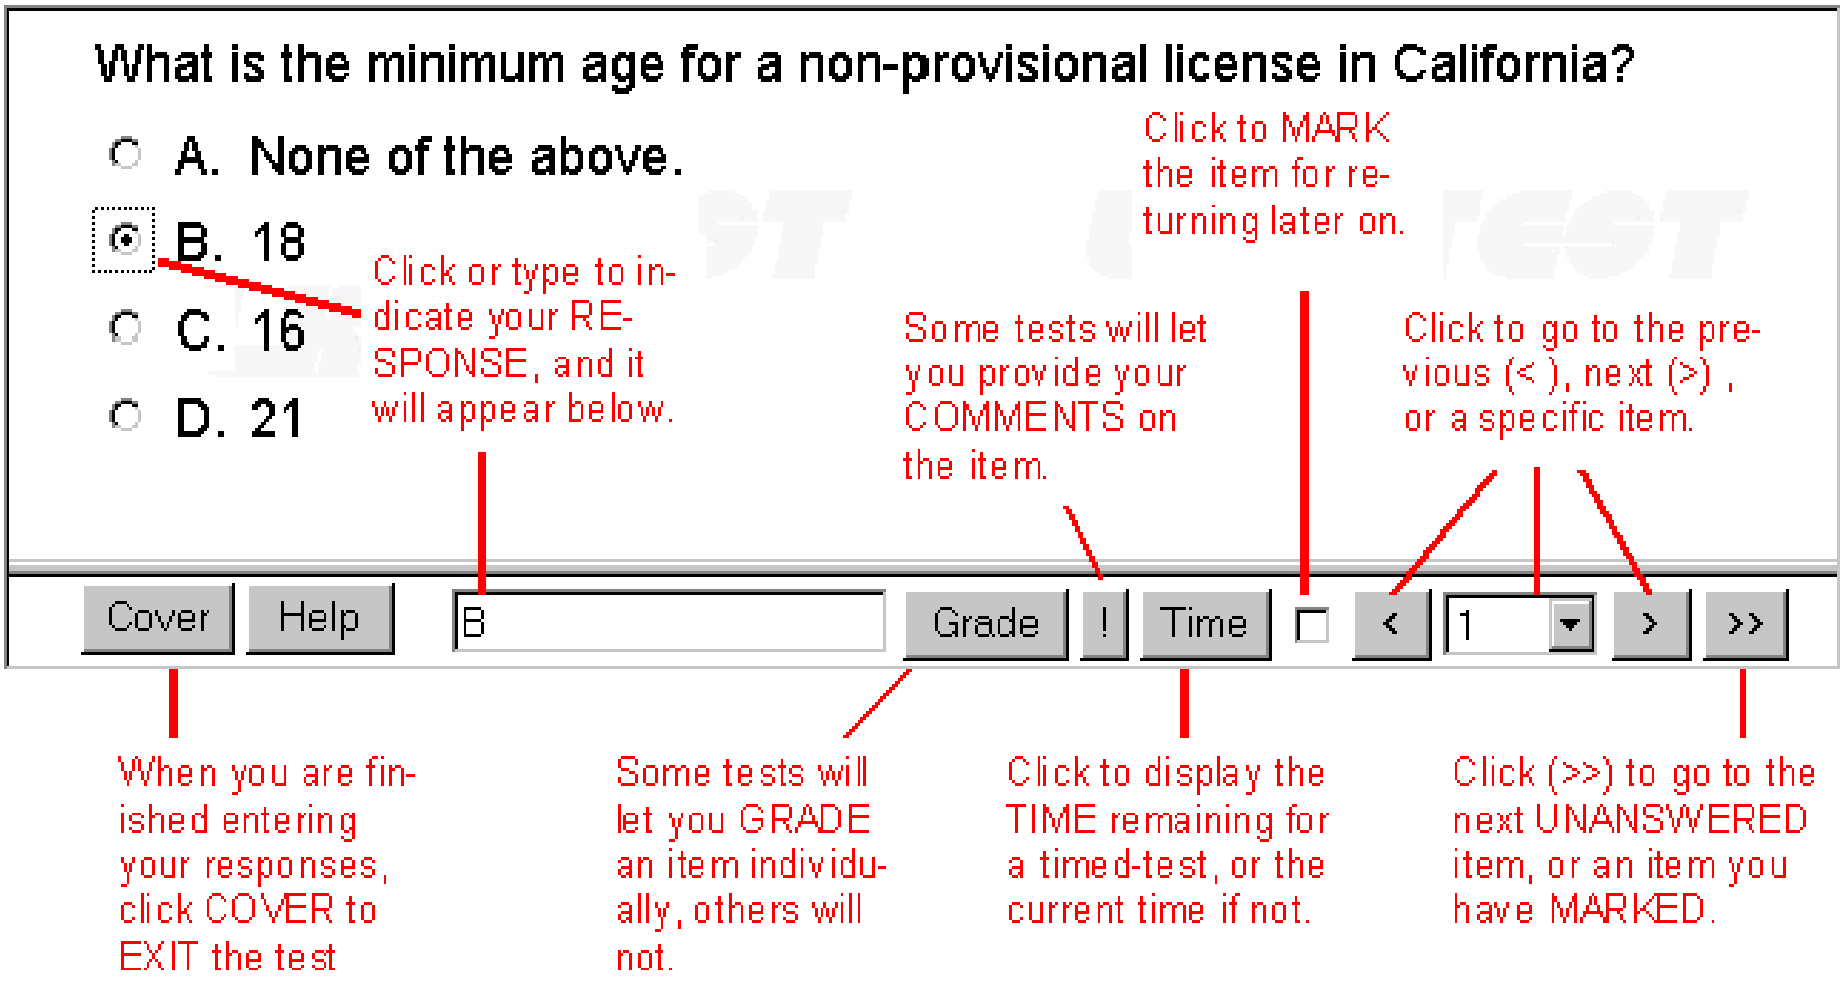
- Notes on selecting the practice exam:
  - As noted on the previous screenshot, select *** WEB ASSESSMENT *** from the pull down menu
  - Select either the Text Only Exam or the Video Exam from the 2nd/Lower drop down menu
  - Following the exam complete the survey
  - Please return to this page and take the 2nd test (ex. if you took the Video Test please take the Text Only Test or vice versa)

- After picking a exam you will be directed to a page that looks like this
- Please enter your name -- first.last -- and press “continue” (ex: John Smith would be “smith.john”)



Navigating the Exam

- DO NOT use your browser navigation buttons during the test (ex: BACK, FORWARD, STOP, RELOAD). All of these buttons are located on the toolbar at the top of your web browser.
- Only use the navigation buttons located in the lower right region of your test
- During actual official tests all of the web browser's navigation features will be turned off but during these practice tests they are still functional.
- On the next slide there is a guide for the navigation features of LXR. Please print it if you feel you may need it during the practice test.



What is the minimum age for a non-provisional license in California?
A. None of the above.
B. 18
C. 16
D. 21
Click or type to indicate your RESPONSE, and it will appear below.
Click to MARK the item for returning later on.
Some tests will let you provide your COMMENTS on the item.
Click to go to the previous (<), next (>) , or a specific item.
